

## FAQ | Albatros Web Service (AWS)

### Create and Change Legal Notice

#### Change the Legal Notice in the AWS

The legal notice for your AWS website can be easily changed in the AWS admin area:

Open the AWS and log in as administrator.

In case of a successful login, you can click on "Impressum" (Legal Notice) on the left side. Use the pencil icon to enter or copy the text for your legal notice into the text field. Don't forget to save your changes.

For further questions, we are at your disposal at our regular support hours under +49 721 183 49 44 or by e-mail: info@albatros.net.
